Prajwal Noel Pais

9448144250 — prajwalnoel2005@gmail.com — www.linkedin.com/in/prajwalpai — github.com/PrajwalPais-08

Professional Summary

Third-year B.E. Computer Science and Engineering student with hands-on experience in full-stack web development using React.js, Node.js, Express.js, MongoDB, and Go. Passionate about building scalable applications, solving real-world problems, and continuously learning modern software development and AI technologies.

Education

St. Joseph Engineering College — Mangalore, Karnataka
B.E. in Computer Science and Engineering — *Expected May 2027*

Sri Venkataramana Pre-University College — Kundapur, Karnataka
Pre-University (PCMB) — *2021 – 2023*

Internship

AI Automation and Intelligent Solutions Intern – Edunet Foundation (IBM SkillsBuild) June 2026

- Learning AI automation, intelligent workflows, and Generative AI concepts.
- Working with IBM Cloud, IBM Watsonx, and AI-powered automation tools.
- Building hands-on projects involving prompt engineering and AI agents.

Projects

AI-Powered AYUSH Health Wellness Platform — React.js, Node.js,express,MongoDB, Gemini AI

- Developed a full-stack wellness platform that provides personalized diet, exercise, yoga, and lifestyle recommendations based on the user's Ayurvedic body constitution .
- Integrated Gemini AI to generate personalized wellness plans from user health profiles and reviewed and approved by a dietitian

Student Peer Learning Platform — React.js, Node.js, Express.js, MongoDB

- Built a peer-to-peer learning platform where students can teach subjects, schedule sessions, and earn through paid tutoring.
- Developed personalized dashboards for learners and tutors to manage bookings, earnings, and learning progress.

Multi-Sharing Notebook Platform — Go, React.js

- Built a real-time collaborative whiteboard allowing multiple users to draw, write, and edit on a shared canvas.
- Developed a Go backend with WebSockets for concurrent user connections and real-time synchronization.
- Designed a responsive React.js interface with drawing, text, and board-sharing features.

Technical Skills

Languages: C, Python, Java, JavaScript,SQL
Frontend: HTML, CSS, React.js
Backend: Node.js, Express.js
Databases: MySQL, MongoDB
Tools: Git, GitHub, VS Code, Render

Extracurricular

- Participated in **SRINATHN 2.0**, a technical innovation and coding event.
- Secured a **Top 5 Finalist** position in the **AYUSH HABBA Hackathon** for developing the **Ayush Health Wellness** project.
